# Welcome to our Christmas 2023 catalogue.

We know that Christmas is a very important season for the hospitality sector and, in 2023, it is more vital than ever to have a strong season. To aid this we have updated our range once again and we are proud to launch our catalogue which we think contains all your cracker, tableware and party products design, range and price point requirements.

Every year, our offer evolves as does our commitment to improving environmental sustainability. As a result, we have removed single use plastic items from within the crackers and have a vastly expanded FSC® certified range. Plus, our 2023 crackers are recyclable and this is stated on the mottoes.

In addition, we have introduced some wooden lines into our cracker contents whilst retaining the old favourites which people like to take home such as screwdrivers and tape measures to continue to offer the customer value. We have also bought out a new paper hat range on page 27 which sits with the rest of our sustainable offer.

For 2023 we have new tableware collections including our very popular 'Tis the Season range. This is a comprehensive range of napkins and table coverings featured on page 9 which will coordinate with and complement many of our crackers across different sizes and content options.

We are also very proud to be working with a new charity in 2023 namely Young Minds who set out to ensure that young people get the best possible mental health support and have the resilience to overcome life's difficulties. By buying these crackers you are helping support this fantastic cause.

The Swan Mill team is proud of our expertise in this sector as we have been specialising in designing, making and supplying Christmas to the catering sector for over 35 years and we are proud to say that all our napkins and tablecoverings are manufactured at our factory in Swanley, Kent.

If you would like some more information please do get in touch.
